Proposal Medellin

The value of Aribia As a whole

Total \$800.000 approx

Debt \$200.000 approx

ARIBIA \$800.000 approx

Lulu 10% ownership \$80.000

Value of Medellin \$90.000

Leaving \$10.000 left

as a sign of good will I'm willing to pay up the \$15.000 for the remaining balance

In fixed rate payments of \$500 for 30 months

I'd pay Ensurance, taxes and maintenance of the property for the whole time

- 1 upfront payment of \$1.000 showing my commitment to the business which includes the first month of the agreement

*Payments each 1st day of the month

1. Buyout Opportunity: It allows me to buy out Morada Mami for \$90,000.
2. Ownership Transfer: My 10% ownership in ARIBIA LLC, currently valued at approximately \$80,000 (reflecting the value of properties minus liabilities/loans), would be reinvested into ARIBIA LLC - MORADA MAMI.
3. Rent Credit: I will NOT receive any rent credit for the rent already paid
4. Non-interest loan
5. Payment Terms: The loan is payable over a 30 months period, resulting in monthly payments of \$500 each month

Transfer of Ownership

Upon starting the payments, after the payment of the 1st month (October 1st 2024)

ARIBIA LLC will transfer full ownership interest in Morada Mami to Luisa Arias, including all rights, titles, and interests in the Medellin property with a mortgage between the two parties until the completion of 30 monthly payments is completed, without any right of sell or lease the property.

Hi

We tried to finish the bedroom's floor and you didn't give us access to the apartment, you locked the door and didn't open it when we were there

Also I got an email from you saying that was "little to late"

Also you paid Ale for "helping you" not for complete projects. You weren't there besides for opening more holes in the walls

So make up your mind please

The failure of delivery 504 was your fault

Also the bill for the phone is due in the 25th, if you can't wait for us to make the payment that day, just cancel the service, just please let me know in advance

Also Medellín, we need to get an agreement about it for me to leave Aribia, I'm still waiting for your proposal, your infamous "drafts"

You want me to get out of the house, leave everything and also pay Medellín at the same time?

Sorry but that would not happen in your way

Subject: Important Discussion Regarding Business Responsibilities, Revenue, & Expenses

Hi LuLu,

I want to address some important matters related to the business that we need to resolve together. I understand that you and your brother had to step away to focus on other work, but this has left me to manage and finish the properties on my own. Unfortunately, this has had a significant impact on the business, contributing to our failure to deliver on key commitments. This failure has resulted in lost revenue, and we've had to make additional payments to tenants, further straining the company's finances.

In addition, we paid your brother for certain jobs, but these jobs were never completed, adding further complications.

On top of this, the issue of the Medellín property needs to be addressed. Your family has been staying there, but the rent has not been paid for July and August. While this responsibility has usually been shared between you and your brother, the business was never meant to cover the rent for this property. The missed payments have put unnecessary strain on our finances, and we simply can't afford to continue covering these expenses.

Given the current situation, it also no longer makes sense for the business to cover your cellphone bill or your brother's, especially given that the work agreed upon was not completed.

Let's find a solution together that works for both of us and the business. Please let me know when would be a good time to talk.

Love,
Nick
