

Subject: Response to Dispute Regarding Financial Obligations

Dear Luisa

I hope this message finds you well. I am writing in response to your latest email regarding your financial obligations to ARIBIA LLC. I understand your concerns and want to take this opportunity to clarify why these amounts remain due, address the points you raised, and outline the steps we can take to resolve this matter.

1. Documentation and Proof of Claims

- a. You mentioned that “no documentation exists” to support the claims related to your outstanding balance. However, ARIBIA LLC maintains complete records, including lease agreements, receipts, and communication logs from prior emails, all of which support the amounts owed. We have consistently referred to these documents in previous communications, and they continue to form the basis for the amounts that remain outstanding.
- b. The Operating Agreement (2023), Amendment to the Operating Agreement (2024), and Shareholder Agreement (2024) clearly outline the financial responsibilities of all members. The expenses ARIBIA LLC has covered on your behalf—whether rent or phone-related costs—were necessary to prevent defaults on leases and services tied to you and your family members. These are documented obligations based on the agreements you signed.

2. Proof of Payments

- a. You’ve mentioned in previous emails that payments for Morada Mami (the Medellín property) were made. I acknowledge receiving payment receipts, but as previously discussed, these payments were applied to Cozy Castle, as confirmed by your own notes and the destination of the payments in TurboTenant. Therefore, the rent for Morada Mami remains unpaid for the period from September 2023 to September 2024, totaling \$4,000.

3. *Ongoing Financial Responsibilities*

The total unpaid balance remains \$17,820, which includes rent due for Cozy Castle and Morada Mami, as well as phone-related costs.

Regarding the phone service and devices, we are seeking reimbursement starting from July 15, 2024, which marks the start of the new billing cycle and aligns with the period when you and Alejandro ceased active participation and contribution to ARIBIA LLC. Full reimbursement of these costs is now necessary to settle this matter.

The obligations for both rent and phone service are detailed in Section 3.2 of the Operating Agreement and Section 5.3 of the Amendment to the Operating Agreement (March 2024), which specify your financial responsibilities.

4. *Keeping the Conversation Focused on the Facts*

I understand that emotions can run high in situations like this, and I respect your need to express your concerns. However, I believe it's important to remain focused on the facts. The documents I have referenced—lease agreements, financial records, and previous email communications—all support ARIBIA LLC's position. While I understand your personal frustrations, these do not alter the financial obligations that have been clearly documented and agreed upon.

5. *Next Steps and Payment Deadlines*

The deadlines for resolving these amounts remain as follows

October 14, 2024: Payment of the total rent balance of \$17,820 (covering rent for Morada Mami and Cozy Castle).

November 14, 2024: Payment of the outstanding phone balance, which is based on costs incurred from July 15, 2024 onward.

Should we be unable to resolve these payments by the deadlines, ARIBIA LLC may need to take further steps to recover the amounts owed, as outlined in Section 7.4 of the Shareholder Agreement (March 2024). However, my goal remains to work with you toward a resolution before such steps become necessary.

6. *Potential for Resolution*

I understand that there may be questions or concerns regarding the documentation, and if there are additional materials or details that have not yet been provided, I

encourage you to submit them for review by October 11, 2024. ARIBIA LLC will, of course, review any further documentation in good faith

Ultimately, I hope we can resolve these matters without escalation. If you have any additional concerns or would like to discuss potential payment arrangements to help address the outstanding balance, please feel free to reach out. I'm confident that with open communication, we can come to an agreement that works for everyone.

Please confirm receipt of this email and let me know how you would like to proceed.

Best regards,

Nicholas Bianchi 10/12/2024
